The Ginsburg Library’s Innovation Space offers: fabrication and other technologies, collaborative work space, and space for education programs.

The Innovation Space is open to all Temple University faculty, staff and students.

Food and drink are not permitted.

A small selection of Dell Precision laptops are available for use in the Innovation Space. These specialty laptops have software intended for 3D design. See the circulation desk staff for general purpose laptops that may be checked out of the library.

The Innovation Space is open Monday – Friday, from 10 am – 4 pm.

The room is not intended as a quiet study room. Large quiet study rooms are available on the 1st and 2nd floors.

Workshops and Tutorials on Innovation Space technology are available at: [http://guides.temple.edu/innovationspace/workshops](http://guides.temple.edu/innovationspace/workshops)

Policies regarding the use of the technology are available at: [http://guides.temple.edu/innovationspace/policy](http://guides.temple.edu/innovationspace/policy)

The Innovation Space is for educational purposes only; no commercial or business-related use is permitted.
